

Team: _____

Coach: _____

This is how you can stay up-to-date about important changes to practice and game times.

We will be using a group text service called My One Group (see www.myonegroup.net for details).

This works like regular text, except my text to this number goes to everyone in the group (since I'm an admin), and your text back only goes to me.

For privacy, I won't see your cell #, and you won't see mine.

Join Code: _____

Group Text Number: _____

To join our team's text group, text the join code to the Group Text Number above. This is the first text you will get after texting the join code. You must text Agree to join.

If you wish to receive SMS text messages from [www.myonegroup.net], text "Agree" to accept requirements. Texting "Agree" provides consent for Ahoy Solutions/MyOneGroup to send SMS text messages to facilitate [group communication] according to the Terms and Conditions and our Privacy Policy. Message frequency varies and standard message and data rates may apply. To opt-out after joining, text LG yes. Text HELP for more options.

You'll receive more texts at first as we get things kicked off and organized. Then things should taper off as the season progresses.

Let's have a great season!!
